Brief content of the academic discipline:	
The academic discipline "Foreign language (general knowledge)" is a part of the state component of the educational process of the module "General professional disciplines". This module provides the formation of communicative competence and contributes to the improvement of skills of interpersonal and intercultural interaction. The subject matter of the discipline "Foreign language (general knowledge)" includes the study of sections of social and socio-cultural communication, as well as educational and cognitive sphere. The study of grammatical material is offered on the basis of communicative and structural-functional approach, paying attention to speech structures used in one or another sphere of communication.
