Brief content of the academic discipline:	
The discipline is a part of the state component of the educational process of the module "General professional disciplines". This module provides the formation of communicative competence in its broad sense: the discipline "Foreign language (professional)" is aimed at developing skills of professional foreign language communication. The subject matter of the discipline "Foreign language (professional)" includes the study of educational, cognitive and professional spheres. The study of grammatical material is offered on the basis of communicative and structural-functional approach, paying attention to speech structures used in one or another sphere of communication.
