Brief content of the academic discipline:	
<p>One of the main objectives of the academic discipline is to systematize and enhance students' knowledge gained in secondary school, to prepare for the perception of the cycle of linguistic disciplines and, above all, of the course of the modern Belarusian language. The practice aims to improve students' literacy, their language culture, speech skills and abilities development.</p> <p>The major place in the practical classes system is occupied by oral and written exercises aimed at developing the necessary skills and abilities; brief messages on individual issues of the programme; assignments for classroom and home independent studies; written educating and control works.</p>
