Laboratory classes	-
Form of current assessment (<i>credit/differential credit/exam</i>)	<i>exam</i>
Number of credits	3
Competencies to be formed	To analyze Ancient Slavic language changes based on the comparative historical method
<p>Summary of the content of the academic discipline:</p> <p>It is aimed at obtaining by philology students a system of knowledge about the ancient book-written language of the Slavs: its system, its cultural role in the life of the Slavs, about its significance in the history of the literary languages of the southern and eastern Slavs in a later historical era.</p> <p>The academic discipline will help students prepare for the solid development of special linguistic disciplines, such as the history of the Belarusian language, Belarusian dialectology, etc., and will contribute to a deeper mastery of both native and foreign languages.</p>
