Number of credits	3
Competencies to be formed	To use the rules of functioning of the syntactic means of the language in practice

Summary of the content of the academic discipline:

The academic discipline «Syntax (phrase, simple sentence)» is one of the main linguistic disciplines in the system. The purpose of studying the discipline by students is to form a systematic and consistent theoretical understanding of the syntactic units of the language, as well as to consolidate in practice the ability to assess their functioning in speech. The main content of the discipline «Syntax (phrase, simple sentence)» is a theoretical and practical consideration of the essential characteristics of syntactic units (phrase, simple sentence, complicated simple sentence) of the modern Russian literary language.
