

The name of the academic discipline:
“Methodology for organizing research work in biology”

Specialty code and name	1- 02 04 01 Biology and Chemistry
Year of study	4
Semester of study	7
Number of in-class academic hours:	50
Lectures	10
Seminar classes	-
Practical classes	40
Laboratory classes	-
Form of the current assessment (<i>credit/ graded credit /exam</i>)	credit
Number of credit points	3
Competences	Mastering the academic discipline “Methodology for organizing research work in biology” should ensure the formation of specialized competencies: organizing scientific research work of students based on various methods of scientific knowledge.
<p style="text-align: center;">Summary of the academic discipline:</p> <p>The academic discipline “Methodology for organizing research work in biology” reveals the basics of organizing research work in biology and introduces modern problems of biology, conceptual foundations, methodology, methods and techniques of scientific research in biology.</p>
