

The name of the academic discipline:
“School chemical experiment”

Specialty code and name	1- 02 04 01 Biology and Chemistry
Year of study	4
Semester of study	8
Number of in-class academic hours:	42
Lectures	6
Seminar classes	6
Practical classes	14
Laboratory classes	16
Form of the current assessment (<i>credit/graded credit /exam</i>)	exam
Number of credit points	3
Competences	Mastering the academic discipline “School chemical experiment” should ensure the formation of specialized competencies: using educational equipment and the entire range of tools of the school chemistry room to organize the educational process.
<p style="text-align: center;">Summary of the academic discipline:</p> <p>The academic discipline “School chemical experiment” is professionally oriented and aimed at training chemistry teachers. It is based on the methodology adopted in domestic and foreign educational literature, and also takes into account modern trends and practices in the development of the national education system. The purpose of this discipline is to form systemic knowledge about the organization and conduct of a school chemical experiment.</p>
