Competencies to be formed	To apply the norms of legislation on the procedure for consideration and resolution by courts of economic disputes and other cases referred to the competence of courts considering economic affairs

Summary of the content of the academic discipline:

“Economic process” is one of the main special law disciplines of fundamental importance in legal education. In connection with the reform of the judicial system of the Republic of Belarus, the issue of the place of economic courts in the system of courts of general jurisdiction of the Republic of Belarus is of particular importance. The study of the economic process provides professional training for qualified specialists to work as legal advisers, prosecutors, lawyers, judges of economic courts, bailiffs.

The purpose of teaching the discipline is to master the fundamental theoretical concepts of the economic process, the norms of the institutions of economic procedural law, the norms governing the activities of arbitration courts, as well as mediation procedures
