**Summary of the academic discipline:**

In the context of the transformations taking place in our country, associated with the formation of an open democratic society and a state governed by the rule of law, in the context of a deep economic reform that has also covered the foreign economic sphere, the number of various international civil-law relations is growing, especially in the economic sphere.

Foreign economic activity is currently carried out by a wide range of enterprises of all types of ownership.

Mastering the academic discipline in accordance with the standard should ensure the formation of legal work to ensure economic activity, use legal means to comply with contractual discipline.

In accordance with the requirements for the basic professional competencies of a specialist, a student must: analyze and apply the norms of the law of the Eurasian Economic Union in practical activities, as well as solve problems related to the implementation of the norms of the law of the Eurasian Economic Union within the framework of the national legal system.
